

NSW SPACE SCHOOL 2010

HUNTER SCHOOL OF THE PERFORMING ARTS
Lambton Road Broadmeadow NSW 2292
Saturday 25-26-27-28 September 2010

Dr James Reilly

NSWSS is a residential school for students in Years 9-10-11

Featuring former NASA Astronaut Dr James Reilly

The NSW Space School is a 4-day hands-on residential school conducting activities and lessons relating to space travel, astronomy, rocketry, space junk and much more. The school also features lectures by scientists and highly respected experts in the field of space science.

Students will have the opportunity to experience the real world of being an NASA Astronaut as Dr Reilly explains how Astronauts are interviewed, selected and assigned to flight crews as well as his experiences in flying on 3 separate Shuttle missions and conducting seven space walks.

All students who attend the NSW Space School will automatically become eligible to attend AISS 2011 and also have the unique opportunity of being selected to attend the exclusive NASA Johnson Space Centre Houston engineering course ... See www.yassa.com.au for more details.

GRANTS: Students attending the NSWSS 2010 will have the opportunity to receive one of 3 YASSA student leadership grants of \$300 each to attend the AISS 2011.

Secondary school teachers are also invited to attend the NSWSS.

Cost of the NSW Space School: \$255

Cost includes:

All Accommodation

All Meals

All Local transport

All Workshop materials

All Lectures

Graduation Certificate

NSWSS T-shirt

Principal - Daryl Sanson:

Is a leading and well-respected Head Teacher of Science with 25 years experience, who began his interest in Astronomy and space after watching the 1986 visit of Halley's Comet. Daryl recently attended as Head Teacher the prestigious NASA/SCH Johnson Space Centre Houston Engineering Course during April 2010. Daryl is also a member of the Australian International Space School (AISS) planning and advisory committee.

Astronomical Educator - Jeff Stanger:

Is a leading Australian Astronomy educator with positions at 2 Observatories. Honorary Associate, SUPER Group, School of Physics, University of Sydney. Member, Education & Public Outreach Committee, Astronomical. Soc. of Aus. Co-author of physics textbook *in2 Physics @HSC*. Councillor of the Science Teachers Association of NSW.

Program Co-ordinator: James Willcox:

James is a model rocket enthusiast and works with Smart Sciences, building and designing model rockets. James has been a great contributor in making sure YASSA Space Schools run successfully. After finishing his Physics degree at the University of Newcastle, James intends to complete an Aerospace Engineering degree and work with an International Space Agency.

Youth Leaders:

Anne Pettigrew
Anna Evens

The NSWSS organizing team is made up of volunteer educators and assistants who ensure that the duty of care is maintained at all times.

Students arriving by Air (Williamtown Airport), Rail (Broadmeadow Station) or Bus (Hamilton) will be met by NSWSS representatives on arrival and transported to Hunter School of the Performing Arts in Broadmeadow and returned at the conclusion of the NSWSS.

For more information: email Danielle at nosbor1@optusnet.com.au

Application Form

NSW Space School 2010 Saturday September 25-28
 Hunter School of the Performing Arts
 Lambton Road Broadmeadow NSW 2292

Student Details
